

Dear Fellow Executive Directors of California,

Would you please give us 3 minutes of your time to take the attached Executive Director Survey?
Please let us explain.

As some of you may be aware a Pro-Life Summit for California was held in June this year in Roseville. As a result of this summit, Californians for Life (<http://www.californiansforlife.org/>) was formed which included ten work groups.

The purpose of this letter is to introduce you to the “Pregnancy Clinics and Centers” work group which is made up of Executive Directors who have a combined 57 years of experience in this arena. Our goal is to gain the support and involvement of all 220-pregnancy clinics/centers in California.

Our goal is to *maximize the pregnancy help ministry in CA by reaching and serving those who are abortion vulnerable*, and to do this we will try to provide tools and resources for pregnancy centers and clinics to use in evaluating their ministries, improving services, and increasing client numbers. We are contacting you because we believe we are of the same mind to end abortion, and believe it will take a unified effort to attain that goal in California. Our team is building a contact database in an attempt to reach out to all of the clinics/centers. If you would like to be a part of the Pregnancy Clinics and Centers group, or have questions concerning Californians for Life, please email me at info@marinpregnancyclinic.org

You will find our Survey at the link included in this email and ask that you please complete it no later than 10/25/14.

Your participation is vital to our unification and strength in the state and our own communities. It is our belief that as we partner together, we can see an end to abortion in California!

May God bless you in all you do for His Kingdom,

Robin Strom, Executive Director of Marin Pregnancy Clinic
Team Leader, Pregnancy Clinics and Centers Workgroup, Californians for Life
