Response to Travis Allen supporters:

Californians for Life are focused on one issue: ending abortion in California. We have carefully studied the candidates for Governor for the June 5<sup>th</sup> 2018 primary, comparing John Cox to Travis Allen in their commitment to defending life. We need a Governor who will speak up for life, helping women, children, and families so that deliberately ending the lives of our children through abortion becomes unthinkable. We agree that it is very important to unite behind one strong candidate who is capable of winning both in June and in November, which is why we are supporting John Cox for Governor.

John Cox is boldly pro-life, including his personal story of his own mother facing difficult circumstances when she was pregnant with John, conditions in which he could have been aborted, but he is thankful that his mother chose life for him. **John Cox has been a strong and consistent voice for life for many years.** [Here is a summary of his long-time dedication to life, including John Cox's statement when running for President in 2008.](#)

#### Define unborn life as a fundamental right

As president, I will stand for the rights of the unborn. I am proudly pro-life without exception, from conception to natural death. If there is a question about protecting life versus protecting someone's personal choices, we should ALWAYS resolve it in life's favor. We should embrace the broadest possible definition of life, and err on the side of protecting it. Government has a role in defining life as a fundamental right.

Source: 2008 Presidential website, cox2008.com, Jul 2, 2007

In contrast, we have studied, seen firsthand, and documented Travis Allen's voting record in the Assembly. He has not been a voice for life. We have no record of him ever speaking in defense of life or against abortion. Instead, his most common response is to NOT vote at all on bills related to abortion.

Here is Travis Allen's voting record on abortion, along with complete documentation:

### [AB 154 Allowed non-physicians \(nurses, midwives, and physician assistants\) to perform abortions.](#)

This was the largest abortion expansion effort in many years.

#### Travis Allen DNV (Did Not Vote)

**AB-154 Abortion.** (2013-2014)

**Governor Brown actually vetoed AB 926 with this message:**

Not everything in life is for sale nor should it be. This bill would legalize the payment of money in exchange for a woman submitting to invasive procedures to stimulate, extract and harvest her eggs for scientific research. The questions raised here are not simple; they touch matters that are both personal and philosophical. In medical procedures of this kind, genuinely informed consent is difficult because the long-term risks are not adequately known. Putting thousands of dollars on the table only compounds the problem. Six years ago the Legislature, by near unanimity, enacted the prohibition that this bill now seeks to reverse. After careful review of the materials which both supporters and opponents submitted, I do not find sufficient reason to change course.
